DETAILED ACTION

Response to Amendment

1. This office action is in response to the amendment filed on December 21, 2001 in which applicant submits changes to correct minor problems with the specification and responds to the claim rejections.

Specification

2. The abstract of the disclosure is objected to because it exceeds 150 words. Correction is required. See MPEP § 608.01(b).

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 7 recites the limitation "the predetermined commercially available music CD" in lines 26-27. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

5. The following is a statement of reasons for the indication of allowable subject matter: Claims 1-6 and 8-12 are allowable over the prior art of record.

Response to Arguments

6. Applicant's arguments filed December 21, 2001 have been fully considered but they are not persuasive.

7. Applicant overcomes the objections to the specification due to minor typographical and grammatical errors.

8. Applicant traverses the rejection to Claim 7 under 35 U.S.C. 112, second paragraph, but in the interest of efficiency and the advancement of prosecution in the case proposes that an amendment to the Claim is submitted. However, applicant does not provide an amendment to this claim in the response. Therefore, the examiner maintains the rejection as set forth in previous Office Action, Paper No. 3.

9. Applicant overcomes the rejections to Claims 1-13 under 35 U.S.C. 102 (b) as being anticipated by the Background of the Invention and 35 U.S.C. 102 (a) as being anticipated by Sagawa et al. (E.P. 903,169 A2) with the response.

Conclusion

10. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

11. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Suzuki et al '968, and Takai '908 disclose a dance game apparatus.

Attachment for PTO-948 (Rev. 03/01, or earlier)
6/18/01

The below text replaces the pre-printed text under the heading, "Information on How to Effect Drawing Changes," on the back of the PTO-948 (Rev. 03/01, or earlier) form.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities -- 37 CFR 1.85

New corrected drawings must be filed with the changes incorporated therein. Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin. If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the Notice of Allowability. Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136(a) or (b) for filing the corrected drawings after the mailing of a Notice of Allowability. The drawings should be filed as a separate paper with a transmittal letter addressed to the Official Draftsperson.

2. Corrections other than Informalities Noted by Draftsperson on form PTO-948.

All changes to the drawings, other than informalities noted by the Draftsperson, **MUST** be made in the same manner as above except that, normally, a highlighted (preferably red ink) sketch of the changes to be incorporated into the new drawings **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted to be made other than correction of informalities, unless the examiner has approved the proposed changes.

Timing of Corrections

Applicant is required to submit the drawing corrections within the time period set in the attached Office communication. See 37 CFR 1.85(a).

Failure to take corrective action within the set period will result in **ABANDONMENT** of the application.
